Subject to Validation	No
Additional Potential Costs	Tuition fees will provide access to all the usual teaching and learning equipment; however, there may be additional costs such as materials and equipment that are associated with your course. Books (approx. £100 - £200 per year) Printing – all students will be credited with the equivalent of £10 printing/copying at the start of the academic year. After that, students will need to pay for their own printing/copying. Most work is submitted electronically.

	Student ID cards – The first issue of your ID card is free. Replacement cards will be charged at £10 to replace lost or stolen cards. There may be optional enrichment activities and visits that carry additional costs.
Narrative	Students will be provided with a comprehensive grounding in the subject of psychology and the ability to understand and conduct relevant research. As well as subject-specific knowledge, students will develop general academic and personal skills such as critical thinking, time management, teamwork and presenting to an audience.
Key Course Features	The course is delivered on campus and requires students to attend two days per week. Delivery of the course is through a range of methods including lectures, seminars, discussions, and workshops. The first year of the course is designed to ensure a foundational knowledge of core topics in psychology to be built upon during the remainder of the degree. In the third year, students will be provided the opportunity to explore a subject area in more depth and apply their understanding of research methods and data analysis as they complete their dissertation research.
Career Prospects	Following this degree some may wish to seek further education, accreditation, and training to pursue a career as a practitioner psychologist (e.g., clinical psychologist). However, a psychology degree is applicable in many different careers as it equips you with a range of skills and knowledge relevant to a variety of roles. Some students on similar courses have pursued postgraduate education in a range of subjects, including teaching qualifications. Others have begun employment with a wide variety of organisations, including the NHS and HM Prison Service.
Module Summary	Level 4 (Year 1) Introduction to Psychological Perspectives Introduction to Research Methods Skills for Learning and Earning Environmental Psychology Psychology in the Digital World Level 5 (Year 2) Research Methods Social and Developmental Psychology Forensic Psychology Biological and Cognitive Psychology Educational Psychology Positive Psychology Level 6 (Year 3)
